## EASY CUT AND PASTE MASS EMAIL

Sample email:

*Dear Senators of the SC Judiciary Committee,*

*I am a member of Stop5GSC and have dire concerns about proposed Bill H4262. Issues of proximity to schools, homes and day cares not to mention lowered property values, aesthetic and environmental impact. We must keep the decision making process for 5G installation issues in the hands of the local governments, NOT the cellular industry. You must vote NO on Bill H4262.*
